1. Bull vs Bear Researcher Debate Synthesis

Green Bull Researcher Thesis:

- Market leader in Energy, Retail & Telecom (Jio) with strong domestic demand.
- High operating leverage expanding net margins.
- Consistent DII Mutual Fund buying on pullbacks.

Red Bear Researcher Risks:

- Premium valuation leaves limited margin for earnings misses.
- Global crude or FII macro headwinds could cause range consolidation.
- Key resistance overhead at Rs. 3080.0.

2. Tactical Execution Plan & Target Levels

Trading Order: ACCUMULATE / BUY (Target allocation: 4.5% equity weight)

- Entry Zone:** Rs. 1267.69 – Rs. 1299.87
